

SUNSKY®

10 Year Light Transmission / Hail Limited Commercial Warranty

Definitions

“SUNSKY®” Corrugated Polycarbonate sheets (hereinafter the “Product”) are hereby warranted by Palram Americas, Inc. (hereinafter the “Manufacturer”), subject to the terms contained herein.

Scope of Warranty

This warranty applies only when the Product is used on a commercial structure, and applies only to the original owner (the “Owner”) at the time the Product is installed. In this warranty “Owner” shall also mean a lessee or sublessee who installs the Product or contracts to have it installed at a leased property which it occupies at the time of installation.

Light Transmission Warranty

The Product shall not lose more than 10% of its light transmitting capacity for a period of ten (10) years from the Commencement Date (the “Permitted Decrease”) as a direct result of the effect of solar radiation as measured according to the procedures in ASTM D1003-77 (hereinafter referred to as “Decrease”). Decrease is measured by comparing the Product’s original light transmitting capacity vs. a cleaned sample taken from the claim site.

Breakage Warranty

The Product shall not break due to excessive loss of impact strength as a direct and exclusive result of impact of hail measuring up to 1 inch in diameter in size, and attaining up to 20 meter/sec. in velocity, for a period of ten (10) years from the Commencement Date (hereinafter referred to as “Breakage”).

Loss of impact strength will be determined by testing conducted by the Manufacturer according to ISO 6603/1-1985(E) and/or ASTM D-5628-95 method F, to be applied on a sample of the broken sheet provided by the Owner. The Breakage warranty applies only if the sample is tested and broken such that water is permitted to leak through the sheet.

Commencement Date

The commencement date of this Warranty (the “Commencement Date”) shall be the date of the Product’s manufacture or, if such date does not appear on the Product, the date the Product was first sold by the Manufacturer to a distributor, retailer, other reseller or end user, as applicable.

Limitations

This warranty shall be valid only if:

- The Product is used for commercial purposes as specified by the Manufacturer.
- The original proof of purchase is presented.
- The Product is stored, installed, handled, cleaned and maintained in accordance with the Manufacturer’s written instructions which are available on-line at www.palramamericas.com/Products/Corrugated-Sheets/SUNSKY/, and is used only in a customary fashion.

Except for the Manufacturer’s Breakage Warranty, the Product is not warranted against Decrease or Breakage due to natural disasters.

This warranty does not cover any costs and expenses of removal and installation of the Product or taxes or shipping cost or any other direct or indirect losses which may result from the Product failure.

Claims and Notifications — Every warranty claim must be submitted in writing to the Manufacturer or original dealer promptly after occurrence of Decrease or Breakage, enclosing the original sales receipt or other proof of purchase and this warranty. Owner may make only one claim under the warranty against Decrease for any particular installation over the lifetime of the Product. The claimant must allow the Manufacturer an opportunity to inspect any or all of the sheets involved and the installation site itself while the sheets are still in their original position and have not been removed, moved or altered in any way, or upon the Manufacturer’s request, return a sample of the sheets to the Manufacturer for testing. The Manufacturer reserves the right to investigate independently the cause of any failure.

Compensation — If a claim is covered under this warranty, the Manufacturer will provide the Owner with free replacement Product or, at the Manufacturer’s discretion, refund all or part of the original purchase price paid by Owner, in accordance with the Refund Tables listed below. Replacement Product is warranted only for the balance of the warranty on the original Product.

Refund Tables

Loss of Light Transmission

If over a specific period of time the Product loses a greater percentage of its light transmitting capacity than the Permitted Decrease allowed during that time under the Light Transmission Warranty (i.e., 10% for 10 years), and the Manufacturer elects to make a refund rather than supply replacement Product, the applicable refund percentages are as follows, based on the time elapsed from the Commencement Date to the time the loss is reported to the Manufacturer:

Time Elapsed After Commencement Date	Owner will be refunded this percentage of original purchase cost
End of 5th year	100%
End of 6th year	50%
End of 7th year	40%
End of 8th year	30%
End of 9th year	20%
End of 10th year	10%
After 10th year	0%

Breakage

If the Product fails to meet the Breakage Warranty, and the Manufacturer elects to make a refund rather than supply replacement Product, the applicable refund percentages are as follows, based on the time elapsed from the Commencement Date to the time the Breakage is reported to the Manufacturer:

Time Elapsed After Commencement Date	Purchaser will be refunded this percentage of original purchase cost
To end of 3rd year	100%
End of 4th year	85%
End of 5th year	70%
End of 6th year	55%
End of 7th year	40%
End of 8th year	30%
End of 9th year	20%
End of 10th year	5%
After 10th year	0%

10 Year Light Transmission / Hail Limited Commercial Warranty

Example:

If by the end of the sixth year the Product has lost 12% of its original light transmission capacity, that loss is more than the Permitted Decrease, and it is not in compliance with the Light Transmission Warranty. The Manufacturer would elect either to provide 100% replacement Product or refund 50% of the original cost of the Product.
